1 DEBORAH McCracken: Deborah McCracken, I live in Amargosa Valley, M-c-C-r-a-c-k-e-n. And as was already pointed out, a lot of my neighbors are at our town board meeting tonight that has been scheduled on the last Thursday of the month since as long as I remember. I think it's highly inappropriate and insulting to this town to schedule this meeting when it's in conflict with a regularly scheduled town meeting.

Also on the distribution list, it lists Mr. Bob Cameron as the town board chair. That hasn't been since January. Miss Doris Jackson took over that position.

On the distribution list and other groups and individuals there's nobody listed from Amargosa as individuals. I know that several people here are on the distribution list. Obviously I guess we weren't on the total distribution list because I did not get the Science and Engineering Report. I only got the draft supplemental environmental impact statement. And without the engineering report you're at a loss.

2 Also, I'd like to see Amargosa Valley more on the maps. We're never on the map. I don't know why that is, but we never seem to make the map. I'd really appreciate if in the future in these things this community can be more considered.
